## Public Communication

The schedule of key dates issued in RFP#2-2024 Section 3.0 is amended.

The Town is in the process of coordinating product demonstrations with selected proposers and will be in touch with proposers in the coming weeks to clarify the new timeline for proposal evaluation and recommendation of contract approval. It is the expectation of the Town that such a recommendation will be made no later than the first week of December, 2023. This estimate remains subject to change, but the Town will work to provide timely updates on its website at [windsorlocksct.org/finance-department](https://windsorlocksct.org/finance-department).
