

## **Interconnection Distributed Generation Facility Requirements (Solar)**

The applications and information the Village of Wonewoc Electric Department requires is subject to change at any time, is not limited to the following, and utility may ask for additional information.

Wisconsin Standard Distributed Generation Application Form (Generation up to 15MW).

Standard Distributed Generation Application Form (Generation 20 kW or less).

Solar Photovoltaic Supplement, Wisconsin Standard Distributed Generation Application Form.

Labeled Site Map with at least one aerial imagery sheet.

Certificate of Liability Insurance - Showing correct Limits. Can be requested at any time the system is operational.

Specification sheets with specific labeling of equipment and labels.

Brochures or informational components of the specific equipment that is being installed onsite.

Property Lease Agreement – Only if the owner of interconnection system is not the owner of the property.

Detailed copy of roof inspection report from the village's engineering company, General Engineering Company.

Please reference PSC 119 for standard Application Review Fees and any other additional standard fees. Any additional fees and costs associated with the project will be determined on a case-by-case basis.
